

Architectural & Engineering Industry Short List

INTERIOR DESIGNER (TC257229S) BS Interior Design, 3.5/4.0 GPA. Well qualified interior designer with **20 years experience** involving design of retail, commercial, medical and residential facilities. Responsible for development and specification of floor / space plans, wall coverings, layouts, finishes, and furnishings to meet state regulations / corporate standards for food courts, hospital bedrooms, and department stores. Experienced in purchasing, sales relations, quoting, and order tracking for international furnishings suppliers. Proficient in AutoCAD. Salary: \$40,000/year

ARCHITECTURAL / INTERIOR DESIGNER (RF257294O) Bachelor's Degree Interior Design. 3.4/4.0 GPA. Passionate architectural design professional with outstanding academic background and **2 years experience** in a fast-paced commercial environment. Experience includes senior living, residential, municipal, retail and corporate projects. Responsible for field verification, space planning, 3D renderings, material selection, furnishings, finishes and construction documents. Well-versed in building codes and Disabilities Act. Proficient in AutoCAD, SketchUp and Adobe Photoshop. Salary: \$45,000/year

ARCHITECTURAL DESIGNER / DRAFTER (RF257294O) BA Architecture, Kent State University, 3.0/4.0 GPA. Passionate architectural design / drafting professional with over **4 years experience** in the pre-construction design of commercial, educational / institutional and residential design / build projects. Able to work independently and well-versed in creating construction documents and interior fixture planning. Experience includes RFIs, existing conditions, as-build surveying, and 3D renderings. Proficient in AutoCAD, Sketch-Up, Adobe Photoshop and Creative Suites. Salary: \$46,000/year

MECHANICAL DESIGNER (JB253724N) Bachelor's Degree Physics. Well qualified design professional with over **10 years experience** involving mechanical design. Experiences include database management of drawings, support existing and implement new drafting software, design retrofits for commercial / industrial **HVAC and plumbing systems**, and prototype development. Responsible for assist in various project designs / drafting tasks, cost estimation, and conducting field tests soils/ concrete. AutoCAD, SmarTeam, Carrier H.A.P, MicroStation. Salary: \$55,000/year

ARCHITECT / PROJECT MANAGER (DF253951M) BS Architecture. Well qualified professional with **15 years experience** working the **construction and A&E industries**. Experience includes designing with AutoCAD and Revit for **industrial, municipal, and educational institutions** in addition to coordinating **interior finishes** to meet customer needs and preparing projects for customer presentations. Responsible for preparing **design development, schematic design, MEP, construction documentation and Photoshop / technical illustrations**. Salary: \$60,000/year

ELECTRICAL / PROJECT ENGINEER (DR256771M) BSEE. Accomplished senior level electrical engineer with **20 years experience** in the design and project management of electrical systems in an **A&E environment**. Experience includes business development and projects involving design of AC/DC electrical schematics, power distribution, lighting, instrumentation PLC / DCS's, controls systems and motor drives. Projects experience includes office, commercial, industrial / manufacturing, telecommunications cell towers and high voltage systems. Proficient with MS Office. Salary: \$63,000/year

CIVIL / ENVIRONMENTAL ENGINEER (TC257010E) BSCE / Environmental, Carnegie Mellon. LEED / USGBC certified. **Licensed PE** with **15 years experience** in engineering, analysis, design, permitting and project management. Responsible for water system / distribution design, sewer / storm water collection models, wastewater treatment plant design, hydrologic / hydraulic design, watershed flood prevention and construction project management. Experience includes software implementation with proficiencies in SWMM, HEC-RAS / HMS, ArcView GIS and AutoCAD. Salary: \$65,000/year

CIVIL ENGINEER (TC255444A) BSCE. **PE**. Well qualified registered and Licensed Professional Engineer in the State of Ohio with **20 years experience** designing, supervising and managing projects on site. Experience includes **industrial, commercial, municipal and residential projects** dealing with **hydrology, erosion, flood control and roadways** including **excavation and earthwork** while adhering to EPA specifications. Deals with engineers, architects, government officials, contractors, developers and **planning commissions**. Salary: \$70,000/year

ELECTRICAL ENGINEER (RF257317O) BSEE **Registered PE / Ohio**. Highly qualified electrical engineer with **10 years experience** involving complete electrical systems design for commercial, institutional and industrial projects. Responsible for design, construction drawings and estimating on low, medium and 3 phase high voltage from sub stations to power panels including panel design, branch circuits, power distribution, lighting, fire alarm and electrical HVAC, cable trays / routings. Well versed codes, site plans, MS Project, Primavera, AGI 32 lighting software and AutoCAD. Salary: \$80,000/year

PROJECT ARCHITECT / MANAGER (DR252596G) Bachelor of Architecture, KSU. **Registered Architect**, licensed in multiple states. **NCARB certified architect** with over **20 years experience** managing projects in the **A&E industry**. Experience includes new build and renovations of **office buildings, religious facilities, industrial, residential, hospitality, retail and healthcare** projects. Responsible for schematic design, design development, construction documentation and administration, client relations, cost control and contractor coordination. AutoCAD, Adobe. Salary: \$90,000/year
